

## Server IP

Publicado por Didi Draxler - 18 May 2012 17:42

---

Hi Folks!

Is it possible to show the actual server IPs.

i am using rFactor Monitor to look the times and Racers who are  
online and on the track.

Therefor i need the server IP.

Didi

In the page realsin in servants, it punctures directly and sides wing people that there is the on-line one. If  
it is it what you want to know
